## Friday 6th February

### Safer Internet Day

Tuesday 10th February is "Safer Internet Day."

We would like to invite ALL parents to attend a short assembly, which will include a performance from Y6 and other information about the dangers of internet use, at 9:10am.

#### Reception

Monday's are library days for Reception. We have a story read to us and choose a new book for home. Please remember to return book bags to school each Monday.

#### Year 1

We have been learning some new sounds this week in phonics and practicing writing these sounds. The children have received ringed flash cards to practice for homework.

#### Year 2

All children in Class Two have worked very hard on multiplication this week, some children can even do division!

#### Year 3

This week we have been learning all about our skeletons. We found out that they support and protect us as well as helping us move. In Literacy, we're writing letters from Pandora to Zeus. We've done some drama to help us understand how she might have been feeling.

#### Year 4

In science this week we have investigated how sound travels and how to make something soundproof. We had a lot of fun making our own ear defenders!

#### Year 5

This week, we have produced our first animation and the children have learnt what a time-consuming process this is! Have a look at it on the Class 5 section of the school website.

Our Class Assembly is next Thursday (Feb. 12th) at 9.10am and the children will be performing with their guitars for you.

#### Pets

**Staff are finding it difficult to care for all of our pets at the weekend and need your help. We would really appreciate it if families would offer to have the pets over the weekend.**

#### Year 6

Ten children will be performing a dance at the Town Hall as part of the Febfest on Monday afternoon. We wish them good luck!
