

School Council

13/02/15 and 12/03/15

The school council met with Robert Johnson from Investors In Children. We discussed everything that we do as a school council and the improvements that have been made in the school taking account of "the pupil voice." He was particularly impressed with the fact that we have a pet in every classroom.

Robert Johnson from Investors In Children returned on 12/03/15 to share his report with us to find out if we thought what he had written sounded ok before he gives the report to Mrs Norman.
