Friday 14th November

Class Pets

Now we have all our class pets we are looking for families to volunteer to care for them at weekends and holidays. If you can give a caring home to our guinea pigs, rabbits, hamsters or degus for a short time it would be very much appreciated.

If you can help, please inform the school office so we can arrange pick up and drop offs.

Reception

This week we have been learning all about Firemen and what they can do to help us. We will be visiting the Fire Station on the 20th November.

Year 1

During our Journeys topic this half term, the children will be designing and making their very own model train. If you have any materials for recycling such as cardboard boxes, rolls, tubes, etc, we will have your rubbish!

Year 2

In maths this week we have all been trying very hard to bridge ten in our calculations. You could help your child by carrying out some addition and subtraction calculations at home.

Year 3

We've been learning all about telling the time this week. We've even started to recognise the times on digital clocks. You could help your child by reading times on the clock such as o'clock and half past.

Year 4

Our Class Pets are now called Nibbles and Scribbles and they have settled well into the class. Thanks to Jake Baldwin for the suggestion.

Year 5

This week, we have written some very scary mystery stories in Literacy and have learnt about measurements in Numeracy.

Durham Cathedral is Tuesday 25th November so please return consent slips.

Year 6

Well done to Kelsey, Daniel, Charlie and Dylan who represented our school in Bishop Barrington's Maths Challenge. They came 6th in the competition and staff commented on their exceptional behaviour!

Children in Need

Thank you for all your donations for children in need. The children had a great day dressing up as their heroes. We collected a fantastic total of £94.55.
