Friday 26th September

I have been reliably informed that building work on our main entrance is due to start on Tuesday 30th September. Please bear with us while the work is completed. Apologies in advance for any inconvenience.

Reception

In reception we have started our topic 'Ourselves and the Locality'. The children have been discussing where they live and who is in their family.

Year 1 and Year 2

We are all looking forward to our visit to the Life Science Centre at Newcastle next Friday.

If any parents or carers would like to accompany us on this visit please speak to Mrs Foggin or Mr Soppitt.

Please note that all children who usually have a school lunch will be provided with a school packed lunch. Please inform the school if you are bringing your own from home, by Wednesday at the very latest.

Year 3

Class 3 have been researching how the Stone Age people lived at Skara Brae and designing posters to share that information with others.

We had a tremendous time at swimming and topped the week off with our own Stone Age adventure stories.

Year 4

We have enjoyed learning about Stone Age houses and are working hard to produce information posters. We have also been learning our 4x and 8x tables.

Year 5

This week, Class 5 have produced some fantastic work in Literacy reporting on a crime scene and also in Science have learned what causes the Earth to have seasons.

Year 6

Class 6 have had a very exciting week! We visited King James' and took part in many activities including Jamaican dance. We also released our may flies and visited Harehope Quarry as part of our rivers topic.

Messages

A free bike marking event is to be held on Saturday 27th September 12-4pm at Bishop Auckland Methodist Church.
