Friday 20th November

Ofsted Visit

We could not be more proud of the staff, children, parents and governors when we were visited by HMI Ofsted Inspectors. Thank you to everyone who supported us throughout the inspection. We await the final report with anticipation and will let you know when you can access it too.

Reception

Drop Off and Pick ups:

Please can parents say goodbye to the children at the main gate now.

Please could parents with older children, pick up reception children first. Some children get anxious when they are waiting for a while at the end of the day.

Class Two

Please can all parents and carers check their child's P.E. kit and bring it back to school next week. The children have started games and require appropriate footwear (either plimsolls or trainers) as well as a yellow t-shirt and black shorts. For the children who are practising their spellings each week, the results will be sent out via the Class Dojo app. If you are not connected already, please contact Mr. Soppitt.

Class Three

Wow... We are only two green days away from our whole class treat. Keep trying hard next week everybody!

Class Four

We look forward to seeing parents and carers for our class assembly on Thursday 26th November at 9am.

Class Six

This week, Class 6 have represented the school fantastically by taking part in the Lumiere Project and producing some amazing artwork.

Class Five

This week we have had drama with Mr. Elliott and he has helped us to develop our skills for the Christmas performance.

We have also learned about decimals in real life contexts and converted units of measurement.
