Monday 18th January

We need your help!

Do you have any toys and games that you do not want? We would like donations for our Golden Time activity so that the children have a wide selection to play with as a reward for good behaviour all week.

Please give any donations to Mrs. Foggin. Thank you!

Reception

Thank you for all the WOW cards you have sent in. We have enjoyed celebrating the children's success in school. Please remember to send one wow a week!

Class Two

Last week we were learning all about adding and subtracting. Some children have even moved onto using the column method, putting 1 on the step and borrowing. Children will now start to receive homework where necessary to support their learning in class rather than completing the homework grids.

Class Three

This week in Class Three we have found out lots of interesting information about Ancient Greece. We've read some Greek Myths, including the stories of Pandora's Box and Icarus, who flew too close to the sun.

Class Four

This week in Class Four we have found out lots of interesting information about our new topic, Australia. We are enjoying reading 'George's Marvelous Medicine' by Roald Dahl. In PE we have been learning gymnastics. This week we will be filming our own adverts.

Class Five

This week we have been solving problems involving negative numbers. In English, we became Police Officers and wrote a report about a Viking crime. In topic, we wrote in role as Estate Agents to advertise a Viking house.

Class Six

Class Six have been working hard playing games to practise timestables. Please encourage your child to show you some of the games they have learnt! We are getting quite good at them now!
